Follow the Checklist below for successfully joining the call.

Checklist for successfully joining the call:

- Recommended: Shut down and Restart your computer before connecting.
- Arrive Early.
- [Download the latest version](#) of Zoom ahead of time.
- Do NOT use the Firefox browser. Google Chrome and Safari work well.
- Choose a location that is quiet where you can participate fully without distraction.
- Make sure your computer microphone and speakers are on and your volume is turned up.
- It is preferable that you use a headset to minimize background noise.
- **Have the backup phone number** and the **Meeting ID: 304-274-186** on hand in case your internet connection drops and you need to connect by telephone. International Telephone Numbers are available [here](#).
- Close high-bandwidth programs such as Skype.
- Remove or turn off sound generating devices (landline telephones, cell phones, fans).
- Check your lighting so that your face is visible and not shaded or backlit.

Where Can I Get Immediate Support?

If you are having trouble connecting to our call, please chat ZOOM directly using the blue HELP button in the bottom right corner of the Home Page at zoom.us. It may take a moment to appear. Hover over the bottom right corner until the Help bubble appears then enter your question.

I haven't used ZOOM for a while. Will it still work?

If you have not updated to the latest version of Zoom in the past month, you may have trouble connecting. Check for Updates or download the most recent version for Mac or PC [here](#).
